

About Us

Science Dialectica (SD) is a peer-reviewed publication dedicated to advancing knowledge in Science and Engineering. SD is an open-access journal. It is a multidisciplinary, rapid publication of original peer-reviewed contributions on science and engineering. It aims to set a platform by connecting experienced researchers and academicians with industry personnel.

About **ic²IS**

This conference aims to bring together professionals from the world's leading research and professional institutes to share their expertise and discuss their groundbreaking discoveries in the field. The colloquium also seeks to foster synergistic collaboration between academia and industry. We are eager to provide a valuable forum that encourages collaboration among worldwide experts, including researchers, scientists, engineers, healthcare professionals, clinicians, and industry representatives.

Convener
Prof. Arup Kumar Das,
IIT Roorkee

Topic

- Theoretical and Experimental Condensed Matter Physics
- 2D Materials (Graphene, MoS₂, WS₂, Mxene etc.) and Devices
- Nanomaterials (Nanoparticle, Quantum Dot, Perovskite, Quantum Cluster etc.)
- Energy Devices (Photovoltaics, Battery, Supercapacitor, Fuel cell, Piezoelectric, Thermoelectric, Triboelectric etc.)
- Artificial Intelligence and Machine Learning in Material Science
- Biomaterials and Medical Devices & Biosensors
- Sensors (Chemical, Gas, Wearable) and Actuators
- Optical, Electronic, Magnetic Materials, and Plasmonics
- Metal Recycling Processes, Waste Treatment
- Water Purification, Wastewater Management, Water Technology
- Advance Characterization Techniques and Instrumentation

Key Information

- Scientific and Industrial Presentation
- Quiz on Scientific presentation
- Flash Talk Presentation
- Complimentary Registration
- Poster Presentation Competition
- Best three Poster Awards
- Abstract Book with ISBN
- Opportunity to publish a review article
- Registration and Abstract Submission
Deadline: 15th February, 2024
